Volunteer for Architectural Review Committee

Thank you for your interest in becoming a volunteer with Lake Village Architectural Review Committee. Our program is based on properly administering the community's architectural guidelines by overseeing member changes and modifications to their exterior property through an application and appeal process. The established processes are designed to balance the interests of individual homeowners and the community as a whole, ensuring that architectural guidelines are met, and property values are protected. Ultimately, a review committee must put the interests of the community as a whole above the interests of individual homeowner members.

As a member of the Architectural Review Committee, you are serving on one of the most important committees in our Association, as the Board relies heavily on this committee's insight and recommendations.

Upon completing the Volunteer Application below, e-mail to Stephanie Biggs, Keystone Pacific at sbiggskeystonepacific.com. We will quickly contact you.
