## Volunteer for Communications Committee

---

Lake Village Community Association's Communications Committee seeks to engender two-way communications between the Association's Board and Members. Committee members meet once each month to review current events, assess messaging needs of the Association's board and committees, and delegate the necessary activities to provide our members with information and news. This committee offers an opportunity to join those who enjoy the art of communications, creativity, and event planning.

Upon completing the Volunteer Application below, e-mail to Stephanie Biggs, Keystone Pacific at [sbiggskeystonepacific.com](mailto:sbiggskeystonepacific.com). We will quickly contact you.
