Volunteer for Landscape Committee

Lake Village Community Association's Landscape Committee goal is to increase owner enjoyment of the property and enhance their investment purchase by communicating the community's landscape needs to the Board of Directors. Their primary role is not to establish policies, but rather to provide information and options to enable the Board to make fully informed decisions for the common good of the Association.

The Landscape Committee accomplishes its tasks in two ways. The first is common area inspections to look for possible ways to improve and enhance common areas. The second is to review potential landscape improvements, propose changes on maintenance issues, and make recommendations to the Board. If you have experience with comparing bids or proposals; willing to research landscaping companies; are available to interview potential landscapers; interested in the Lake Village Wildlife Habitat program; and, care about the Association's appearance and property value you're a perfect candidate. Committee members don't have to be landscaping experts: They just need to have the drive to find the best answers for Lake Village's continued landscape needs.

Upon completing the Volunteer Application below, e-mail to Stephanie Biggs, Keystone Pacific at sbiggskeystonepacific.com. We will quickly contact you.
